Greta Thunberg Connor Stratton, 2021

Our House is on Fire Greta Thunberg, Malena Ernman, Beata Ernman, Svante Thunberg, 2021-04-21 The profoundly moving story of how love, courage and determination brought Greta Thunberg's family back from the brink 'Urgent, lucid, courageous ... a must-read message of hope ... It is a glimpse of a saner world' David Mitchell, Guardian This is the story of a happy family whose life suddenly fell apart, never to be the same again. Of two devoted parents plunged into a waking nightmare as their eleven-year-old daughter Greta stopped speaking and eating, and her younger sister struggled to cope. They desperately searched for answers, and began to see how their children's suffering reached far beyond medical diagnoses. This crisis was not theirs alone: they were burned-out people on a burned-out planet. And so they decided to act. Our House is on Fire shows how, amid forces that tried to silence them, one family found ways to strengthen, heal, and gain courage from the love they had for each other - and for the living world. It is a parable of hope and determination in an emergency that affects us all.

Our House is on Fire Malena Ernman, Greta Thunberg, Beata Thunberg, Svante Thunberg, 2020-03-05 'An extraordinary account of how one family rose, with unshakable moral clarity, to the tremendous responsibility of being alive at the moment when our immediate collective decisions will determine the fate of life on Earth. They share their story of courage not because they want our accolades, but because they demand our company. Greta Thunberg has already inspired a global moment - this book is part of how we will win' Naomi Klein This is the story of a family led to confront a crisis they had never foreseen. Of a happy life with two young daughters which suddenly falters, never to be the same again. Aged eleven, the eldest stops eating and speaking, and her younger sister struggles to cope. Slowly, alongside diagnoses of autism and selective mutism, their desperate parents become aware of another source for their firstborn daughter's distress: her imperilled future on a rapidly heating planet. Steered by her determination to understand the truth, the family begins to see the deep connections between their own and the planet's suffering. Against forces that try to silence them, disparaging them

for being different, they discover ways to strengthen, heal, and act in the world. And then, one day, fifteen-year-old Greta decides to go on strike.
