Gestión financiera pública José Francisco Mendoza Hernández, 2007 El presente trabajo ha sido pensado y diseñado para que sirva básicamente de apoyo y de complemento a la labor docente y/o de aprendizaje de las finanzas del Estado colombiano. Pero también le será de gran utilidad a los que por diversas razones tengan relación con el tema especialmente aquellos encargados de la gestión de los asuntos públicos tanto en el ámbito nacional como en el territorial. Las disciplinas tienen su propio lenguaje que las distingue de las demás pero que a veces complica su comprensión para los no iniciados en ellas. Aquí, y en la medida de lo posible, se prescindirá de expresiones que innecesariamente compliquen la asimilación de los temas tratados sin que lo anterior signifique pérdida de profundidad o de calidad. Se busca con ello llegar a un mayor número de lectores teniendo en cuenta la premisa de que se trata de un libro con un perfil eminentemente docente. El tema de la gestión financiera del Estado o de las finanzas públicas tiene que ver, esencialmente, con las fuentes de financiamiento del aparato estatal y la posterior utilización de esos recursos. En este sentido se relacionará con ingresos, deuda y gastos públicos. Pero como estos tres elementos se integran en un cuarto, el presupuesto, entonces éste también hará parte del campo de estudio de las finanzas. A grandes rasgos estos son los grandes temas que se abordarán en este documento, más

Melé Gabriela Siracusano, Juan N. Melé, 2005 Fine edition devoted to artist Melé (b. Argentina), one of the most representative artists of concrete art in Argentina. The book follows his life and work throughout 4 parts: memory, travel, tradition and trade and represents a detailed reference of the creative processes lived by abstract-geometric artists in Argentina.

Fashion Revolution Charo Izquierdo, 2023-06-23 Fashion (R)Evolution es un apasionante viaje a través de la moda, desde su pasado más reciente hasta el presente, con una visión hacia el futuro próximo, donde destaca como fuerza positiva para el cambio social y medioambiental. Su autora, Charo Izquierdo, comenzó su carrera en la redacción de una revista de moda cuando tenía solo veinte años y llegó a dirigir las publicaciones y pasarelas de moda más importantes del país. Esto le otorga una perspectiva única sobre los cambios ocurridos en la industria. En estas páginas se explora la evolución que ha experimentado la moda en toda su cadena de valor, desde la alta costura y el prêt-à-porter hasta la fast fashion y la moda de autor. Además se analiza cómo ha sido moldeada por los nuevos medios de comunicación, las redes sociales y los creadores de contenido. También es un reconocimiento a la necesidad de un desarrollo sostenible para la moda, al papel clave de la tecnología en este proceso y una mirada a los acontecimientos que han marcado el camino de la moda en España y en el mundo. No es, desde luego, un libro de historia. Tampoco de diseñadores. Ni siquiera de comunicación de moda. Menos aún una autobiografía. Pero habla de historia, de comunicación, de diseñadores, de anécdotas y curiosidades en primera persona, a partir de entrevistas a más de cien actores claves, marcas, diseñadores, modelos, empresarios e influencers de esta película que es la moda.
