The Middlemen of Vedapura: Indira Parthasarathy's Tamil Novel M. K.Sudarshan,2025-01-08 This work originally written in Tamil as a novel has now been translated into English. It is a political satire. It parodies, lampoons and caricatures political figures of Indian politicians past and equally relating to the present. A vivacious young lady, Apurva, an immigrant-American, arrives in a fictional country, Vedapura, in search of her ancestral and cultural roots. Travelling around trying to gather authentic content for a novel she intends to write, she encounters Nanjundan -- a high-powered, influential political middleman -- who promises to provide her with rich material for her work. Her relationship with him plunges her however into a near-Kafkaesque la la land where she must confront a dangerous vortex of political intrigue, corruption, manipulation... and consequent disillusionment... The well-known “Sahitya Akademi” and “Padma Shri Awards” winner for Literature, Indira Parthasarathy wrote this 1995 novel in Tamil. Employing biting wit, humour, irony, absurdity and exaggeration to critique the State's socio-political... and socio-pathological ... landscape, he depicted starkly the complex interplay of power, corruption and caste dynamics shaping regional politics in India, peopled as it is with eccentric politicians and powerless citizens. His novel was awarded the Bharathiya Bhasha Parishad Award (an All-India award).

Valmiki Ramayana R. Krishnan,2021-01-16 Ramayana and Mahabharata are called The Itihasas. Itihasa in Sanskrit literally means 'it happened thus'. So these are to be distinguished from the Puranas. Itihasas were composed or written by those who witnessed what was happening so these are historical accounts. Valmiki lived during Ramayana period as did Veda Vyasa during The Mahabharata. Valmiki's Ramayana is in the form of poetry and is of great beauty. It is considered as the world's first poetry. It is set to Anushtup meter. It is the original version and there are several other versions written much later which were inspired from that of Valmiki. I am a scientist by profession and hence the type of treasure that I searched in Valmiki's great work and my view of things could be somewhat different and perhaps be of interest. So I decided to find out for myself such details. I was very much impressed to find so many rich details and interesting information on several aspects of Tradition, Culture, Astronomy, Geography and so on and which are not generally talked about. Valmiki's deep knowledge of Astronomy and Astrology is amazing. I was surprised to discover that iron was already in use in Ramayana period. Let us note that the westerners attribute a much later period for the use of iron and also claim that the knowledge of planets came to India from the Greeks!

Indian Antiquary ,1886 At a time when each Society had its own medium of propogation of its researches ... in the form of Transactions, Proceedings, Journals, etc., a need was strongly felt for bringing out a journal devoted exclusively to the study and advancement of Indian culture in all its aspects. [This] encouraged Jas Burgess to launch the 'Indian antiquary' in 1872. The scope ... was in his own words 'as wide as possible' incorporating manners and customs, arts, mythology, feasts, festivals and rites, antiquities and the history of India ... Another laudable aim was to present the readers abstracts of the most recent researches of scholars in India and the West ... 'Indian antiquary' also dealt with local legends, folklore, proverbs, etc. In short 'Indian antiquary' was ...entirely devoted to the study of MAN - the Indian - in all spheres ... -- introduction to facsimile volumes, published 1985.

Tamil Folk Music as Dalit Liberation Theology Zoe C. Sherinian, 2014-01-06 Zoe C. Sherinian shows how Christian Dalits (once known as untouchables or outcasts) in southern India have employed music to protest social oppression and as a vehicle of liberation. Her focus is on the life and theology of a charismatic composer and leader, Reverend J. Theophilus Appavoo, who drew on Tamil folk music to create a distinctive form of indigenized Christian music. Appavoo composed songs and liturgy infused with messages linking Christian theology with critiques of social inequality. Sherinian traces the history of Christian music in India and introduces us to a community of Tamil Dalit Christian villagers, seminary students, activists, and theologians who have been inspired by Appavoo's music to work for social justice. Multimedia components available online include video and audio recordings of musical performances, religious services, and community rituals.
