The Hundred Greatest American Films Andrew J. Rausch,2002

Screenwriting Andrew Horton,Julian Hoxter,2014-08-23 Screenwriters often joke that “no one ever paid a dollar at a movie theater to watch a screenplay.” Yet the screenplay is where a movie begins, determining whether a production gets the “green light” from its financial backers and wins approval from its audience. This innovative volume gives readers a comprehensive portrait of the art and business of screenwriting, while showing how the role of the screenwriter has evolved over the years. Reaching back to the early days of Hollywood, when moonlighting novelists, playwrights, and journalists were first hired to write scenarios and photoplays, Screenwriting illuminates the profound ways that screenwriters have contributed to the films we love. This book explores the social, political, and economic implications of the changing craft of American screenwriting from the silent screen through the classical Hollywood years, the rise of independent cinema, and on to the contemporary global multi-media marketplace. From *The Birth of a Nation* (1915), *Gone With the Wind* (1939), and *Gentleman’s Agreement* (1947) to *Chinatown* (1974), *American Beauty* (1999), and *Lost in Translation* (2003), each project began as writers with pen and ink, typewriters, or computers captured the hopes and dreams, the nightmares and concerns of the periods in which they were writing. As the contributors take us behind the silver screen to chronicle the history of screenwriting, they spotlight a range of key screenplays that changed the game in Hollywood and beyond. With original essays from both distinguished film scholars and accomplished screenwriters, Screenwriting is sure to fascinate anyone with an interest in Hollywood, from movie buffs to industry professionals.

Here's Looking at You Ernest D. Giglio, 2010 Now in its third edition, *Here's Looking at You: Hollywood, Film and Politics* examines the tangled relationship between politics and Hollywood, which manifests itself in celebrity involvement in political campaigns and elections, and in the overt and covert political messages conveyed by Hollywood films. The book's findings contradict the film industry's assertion that it is simply in the entertainment business, and examines how, while the majority of Hollywood films are strictly commercial ventures, hundreds of movies - ranging from *Birth of a Nation* to *Capitalism* - do indeed contain political messages. This new edition has been updated with new photos and cartoons, and includes two new chapters, one on Afghan-Iraqi war films and the other on the treatment of race and gender in Hollywood films, that are sure to stimulate discussion. *Here's Looking at You* serves as a basic text for political film courses and as a supplement in American government and film studies courses, and will also appeal to film buffs and people in the film industry.

New Interpretations of Harper Lee's *To Kill a Mockingbird* and *Go Set a Watchman* Amy Mohr, Mark Olival-Bartley, 2019-05-30 Featuring essays from an international group of scholars, this volume addresses Harper Lee's *To Kill a Mockingbird* (1960), the American literary classic, and her controversial *Go Set a Watchman* (2015). The contributions include productive new interpretations from diverse critical angles, including US literary and cultural history, Southern studies, sociological theory, gender studies, stylistic analysis, translation, and pedagogy. With a balance of critical analysis and pedagogical approaches, this provocative book will prove to be of particular interest to scholars seeking to reconcile the points of divergence in these two works. For educators at the secondary and university levels, the collection also offers current resources and perspectives on Lee's novels.

Horton Foote Gerald C. Wood, 2014-07-16 This study is the first general critical introduction to the writing of Horton Foote, recipient of two Academy Awards and the Pulitzer Prize. These original essays survey Foote's career, his work for theater, television, and film, with analysis of Foote's major themes and characteristic style in all three media. The casebook concludes with a list of Foote's produced work, as well as a selective annotated bibliography of primary criticism on the playwright. This book demonstrates the influence of personal biography and Southern literature on Foote's career. The essayists also investigate the writer's contribution to American dramatic realism and independent filmmaking, emphasizing his experimentation with musical structure, dedramatization, and complex subtexts. Foote's disarmingly simple stories, with their radically understated language, are explained in many articles as the product of the subtle influence of the psychological and religious views of the author.

Screenwriter's Compass Guy Gallo, 2012-11-12 Ever watch a movie, and despite great production value, fantastic action

sequences, a great cast, etc, you come away thinking-I just didn't buy it. Chances are it was because you didn't care about the characters. Screenwriter's Compass presents a new way of approaching screenwriting, examining how effective screen storytelling must be grounded in the vivid imagining and presentation of character. Screenwriter's Compass will not offer formulas to follow but instead will give you the tools needed to chart your own path to screenwriting success. It details useful ways of thinking about writing, as well as practical ideas and concepts to help you discover the unique geography of your own imagination and navigate the problems posed by the struggle to express vision, agenda, and story. You'll learn how to root your writing in motivation and voice, to create screenplays that seduce and make your reader lean forward, and, most importantly, identify with your characters.

Preaching Black Lives (Matter) Gayle Fisher-Stewart, 2020-07-17 An anthology that asks, "What does it mean to be church where Black lives matter?" Prophetic imagination would have us see a future in which all Christians would be free of the soul-warping belief and practice of racism. This collection of reflections is an incisive look into that future today. It explains why preaching about race is important in the elimination of racism in the church and society, and how preaching has the ability to transform hearts. While programs, protests, conferences, and laws are all important and necessary, less frequently discussed is the role of the church, specifically the Anglican Church and Episcopal Church, in ending systems of injustice. The ability to preach from the pulpit is mandatory for every person, clergy or lay, regardless of race, who has the responsibility to spread the gospel. For there's a saying in the Black church, "If it isn't preached from the pulpit, it isn't important."

Horton Foote Charles S. Watson, 2010-01-01 Winner of the Pulitzer Prize for Drama for *The Young Man from Atlanta* and Academy Awards for the screen adaptation of *To Kill a Mockingbird* and the original screenplay *Tender Mercies*, as well as the recipient of an Academy Award nomination for the screenplay of *The Trip to Bountiful* and the William Inge Lifetime Achievement Award, Horton Foote is one of America's most respected writers for stage and screen. The deep compassion he shows for his characters, the moral vision that infuses his social commentary, and the kindness and humanity that Foote himself radiates have also made him one of our most revered artists—the father-figure who understands our longings for home, for human connections, and for certainty in a world largely bereft of these. This literary biography thoroughly investigates how Horton Foote's life and worldview have shaped his works for stage, television, and film. Tracing the whole trajectory of Foote's career from his small-town Texas upbringing to the present day, Charles Watson demonstrates that Foote has created a fully imagined mythical world from the materials supplied by his own and his family's and friends' lives in Wharton, Texas, in the early twentieth century. Devoting attention to each of Foote's major works in turn, he shows how this world took shape in Foote's writing for the New York stage, Golden Age television, Hollywood films, and in his nine-play masterpiece, *The Orphan's Home Cycle*. Throughout, Watson's focus on Foote as a master playwright and his extensive use of

the dramatist's unpublished correspondence make this literary biography required reading for all who admire the work of Horton Foote.

The Celluloid Courtroom Ross D. Levi, 2005-03-30 The genre of legal cinema is an extensive and revealing one: it is a body of films that depicts lawyers, clients, criminals, judges, and juries, often not as they actually are, but as we would like them to be. The idealized courtroom of many legal movies tells us a great deal about what we think of our justice system and what we want it to reflect about America, but the films in the genre vary widely in how they do this. From *To Kill a Mockingbird* to *Liar, Liar*, from *A Time to Kill* to *Twelve Angry Men*, we see certain stereotypes repeating themselves again and again: the judge as stern referee, the jury as an ultimately fair body of decisionmakers, the lawyer as hardworking and passionate fighter for the underdog. In this new and comprehensive study of this understudied category of film, author Ross D. Levi argues that, contrary to popular belief, legal movies show us a system that is far more fair than our actual one, with corruption downplayed and greed made subordinate to compassion and compromise. With a comprehensive filmography, penetrating analysis—both cinematic and legal—and engaging discussion of a wide array of movies, *The Celluloid Courtroom* is an indispensable guide to a key aspect of American movies and American justice.
