Zombies!!! the Best Weapons for Obliterating Zombies in the Apocalypse Zombie Slayer,2012-04-04 If we consider the

possibility of zombie apocalypse seriously, we must also consider what types of weapons will be most useful against these foes of the dark. Even though most weapons and most household items with heft (like a good French rolling pin) will damage a zombie to some level, there is a hierarchy of weapons. Weapons such as guns, grenades, crossbows, knives, or energy-based weapons are generally preferred. However, what is most important, for any weapon you choose, is the length of time it takes to kill the zombie or zombies while using it. For example, weapons which damage the head (or remove it completely) are generally preferred. This will eliminate the zombie in the shortest period of time. However, if the number of zombies you are facing is great, then a more broad-focused weapon that impedes them enough so you can make your getaway without being bitten is the best option.

Undead in the West II Cynthia J. Miller,A. Bowdoin Van Riper,2013-10-18 The undead are back! In Undead in the West: Vampires, Zombies, Mummies, and Ghosts on the Cinematic Frontier, Cynthia J. Miller and A. Bowdoin Van Riper assembled a collection of essays that explored the unique intersection of two seemingly distinct genres in cinema: the western and the horror film. In this new volume, Undead in the West II: They Just Keep Coming, Miller and Van Riper expand their examination of undead Westerns to include not only film, but literature, sequential art, gaming, and fan culture (fan fiction, blogging, fan editing, and zombie walks). These essays run the gamut from comics and graphic novels such as American

Vampire, Preacher, and Priest, and games like Darkwatch and Red Dead Redemption, to novels and short stories by celebrated writers including Robert E. Howard, Joe R. Lansdale, and Stephen King. Featuring a foreword by renowned science fiction author William F. Nolan (Logan's Run) and an afterword by acclaimed game designer Paul O'Connor (Darkwatch), this collection will appeal to scholars of literature, gaming, and popular culture, as well as to fans of this unique hybrid.

Parenting in the Zombie Apocalypse Steven J. Kirsh,2019-06-04 Parenting is difficult under the best of circumstances--but extremely daunting when humanity faces cataclysmic annihilation. When the dead rise, hardship, violence and the ever-present threat of flesh-eating zombies will adversely affect parents and children alike. Depending on their age, children will have little chance of surviving a single encounter with the undead, let alone the unending peril of the Zombie Apocalypse. The key to their survival--and thus the survival of the species--will be the caregiving they receive. Drawing on psychological theory and real-world research on developmental status, grief, trauma, mental illness, and child-rearing in stressful environments, this book critically examines factors influencing parenting, and the likely outcomes of different caregiving techniques in the hypothetical landscape of the living dead.
