

# Chronology Of Kings Of Israel And Judah

**Kyle H. Keimer, George A. Pierce**

**The Chronology of the Kings of Israel and Judah** Gershon Galil, 2023-08-21 This pioneering study wrestles with the perpetual problem of chronology in the Books of Kings. Starting from the conservative assumptions that the courts of Israel and Judah maintained regnal records, and that these for the most part accurately reflect regnal length, the author arrives at a new and persuasive dating for the reigns and their synchronisms. In addition, his chronological scheme includes all points of contact between Israel and Judah and external powers, especially Assyria. The result is one of the most responsible and yet most critical chronologies proposed to date, and will be the standard chronological reference for the next decade, if not longer.

**A History of Ancient Israel and Judah** James Maxwell Miller, 1986-01-01 A significant achievement, this book moves our understanding of the history of Israel forward as dramatically as John Bright's *A History of Israel*, Martin Noth's *History of Israel*, and William F. Albright's *From the Stone Age to Christianity* did at an earlier period.

**The Mysterious Numbers of the Hebrew Kings** Edwin R. Thiele, 1983 (New revised edition) Considered the classic and comprehensive work in reckoning the accession of kings, calendars, and coregencies based upon the Old Testament text and other extra-biblical sources.

**A New Chronology for the Kings of Israel and Judah and Its Implications for Biblical History and Literature** John H. Hayes, Paul K. Hooker, 2007-06-08 For generations, scholars have attempted to solve the chronological problems associated with the mysterious numbers of the Hebrew kings. In this volume, the authors provide a coherent, sensible, and believable chronology for the Israelite and Judean kings. In their reconstruction, Hayes and Hooker take into consideration not only all of the biblical data but also all relevant ancient Near Eastern sources. Utilizing all available and reliable evidence, they establish not only regnal years for all the rulers but also specific dates for numerous events in Israelite and Judean history. In their opening chapters, the authors explain the scheme of chronological reckoning found in the books of 1-2 Kings. Their calculations are then computed without recourse to shifting understandings of the methods of reckoning or to a theory of co-regencies. The value of this work is not limited to purely chronological matters. Its implications extend to the dating of biblical sources such as the Book of the Covenant, D, P, and the Deuteronomistic History. The volume also provides insights into the socio-cultic life of biblical times.

The Kings of Israel and Judah George Rawlinson, 2023-12-15 George Rawlinson's *The Kings of Israel and Judah* is a meticulously researched exploration of the ancient monarchies that shaped the historical narrative of the Hebrew Bible. Employing a critical historical approach, Rawlinson delves into the political, social, and spiritual dimensions of these rulers, weaving together biblical accounts and archaeological evidence. His literary style combines erudition with accessibility, making complex historical events comprehensible to the lay reader while maintaining academic rigor. This work stands as a significant contribution to the fields of biblical history and ancient Near Eastern studies, offering a chronological account of the kings and their intertwined destinies, reflective of the tumultuous epochs through which they reigned. George Rawlinson, a noted British historian and scholar of the 19th century, brought to this work his profound interest in ancient languages and cultures, alongside a significant background in Assyriology and biblical studies. Influenced by his contemporaries and the growing interest in historical criticism, Rawlinson sought to illuminate the cultural and historical intricacies surrounding the rulers of Israel and Judah, driven by a passion to reconstruct the past through a faithful examination of existing texts and artifacts. This scholarly yet engaging account is a must-read for history enthusiasts and students of biblical scholarship alike. Rawlinson's synthesis of extensive research not only enhances our understanding of the Israelite and Judaic monarchs but also invites readers to ponder the complexities of leadership and faith in an ancient context. For anyone seeking to grasp the intricate history that laid the groundwork for subsequent religious traditions, *The Kings of Israel and Judah* offers invaluable insights.

*The Kings of Israel* Chris Adkins, 2014-09-13 *Chronicles Of The Kings Of Israel And Judah: Timeline And List Of The Kings Of Israel In Order* Discover The Northern And Southern Kingdoms Of The Kings of Israel And Judah God's intention was always to be His peoples God and Father, to love and be loved by His people. In Exodus, Leviticus and throughout the prophets, God's says so many times that He will dwell with His people. He said, I will be their God and they will be my people. He even made a covenant promise and an inheritance, that He would always be their God. In 1 Samuel 8, God's people ask for a king. And they said to him, Behold, you have grown old, and your sons do not walk in your ways. Now appoint a king for us to judge us like all the nations. But the thing was displeasing in the sight of Samuel when they said, Give us a king to judge us. And Samuel prayed to the LORD. The LORD said to Samuel, Listen to the voice of the people in regard to all that they say to you, for they have not rejected you, but they have rejected Me from being king over them. God wanted to be their perfect King with His perfect government, with inheritances and wealth, with healing and protection; but the people asked for a human king. You will see that *The Kings of Israel and Judah's* Northern and Southern Kingdoms are in Chronological order with scripture references. You are about to begin and explore a historical journey through the kings, from the first human king and ending with The King of Kings. Here Is A Preview Of What You Will Learn Who Is The First King Of Israel? Who Is The Last King Of Israel? Who Is The Youngest King Of Israel? Who Was David, The King Of Israel?

Who Are The Kings Of Israel In Chronological Order? Who Were The Good And The Bad Kings? The History Of The Kings Of Israel And much, much more!

**The Reconstructed Chronology of the Divided Kingdom** M. Christine Tetley, 2005 The common response to any attempt to read the chronological notations associated with the kings of Israel and Judah in the time of the divided monarchy is, perhaps, a shrug of the shoulders, or a statement to the effect that the problem is insoluble. Not only are the apparently contradictory--or confusing--notations of the MT a consideration, but the evidence of the other major versions seriously complicates any such undertaking. In the twentieth century, Edwin R. Thiele attempted to reconcile and wrangle all of the numbers into a semblance of order, with results that were far from convincing to his readers. Now Christine Tetley has attacked this knottiest of problems with fresh vigor and assayed a new solution. There is no doubt that this book will be controversial; nevertheless, it will be required reading for anyone who wishes to pin archaeological and historical data within the framework of an absolute chronology.

**Archaeology and Bible History** Joseph P. Free, Howard Frederic Vos, 1992 Using Bible history as the unifying element rather than a topical approach, this book shows how archaeological discoveries in Bible lands have helped to confirm the accuracy of Scripture. The authors also deal with issues of Biblical interpretation and criticism not strictly archaeological in nature. Free's text has been updated and revised by Vos.

**Biblical History and Israel's Past** Megan Bishop Moore, Brad E. Kelle, 2011-05-17 Although scholars have for centuries primarily been interested in using the study of ancient Israel to explain, illuminate, and clarify the biblical story, Megan Bishop Moore and Brad E. Kelle describe how scholars today seek more and more to tell the story of the past on its own terms, drawing from both biblical and extrabiblical sources to illuminate ancient Israel and its neighbors without privileging the biblical perspective. *Biblical History and Israel's Past* provides a comprehensive survey of how study of the Old Testament and the history of Israel has changed since the middle of the twentieth century. Moore and Kelle discuss significant trends in scholarship, trace the development of ideas since the 1970s, and summarize major scholars, viewpoints, issues, and developments.

**Mercer Dictionary of the Bible** Watson E. Mills, Roger Aubrey Bullard, 1990 *Jesus Christ in History and Scripture* highlights two related bases for the current revolution in Jesus studies: (1) a critically-chastened world view that is satisfied with provisional results and (2) a creative (or poetic) use of the sources of study of Jesus.

*A Bible-Based Chronology from the Creation to the Second Advent of Jesus Christ* Jim Dodge, 2018-11-09 The Scriptures reveal that when we enter the latter days, we'll find ourselves in an increasingly chaotic world where godlessness and lawlessness rule the day. During this time, God's word will be neglected and twisted for self-serving agendas; truth will become subjective and relative; and entertainment, idolatry, liturgy, and rituals will replace the Lord Jesus from being the

central focus of worship in mainline churches. In this Bible-based chronology, the author examines where we are on God's timeline, and more importantly, why it's not too late to benefit from God's incredible message of creation, redemption, and eternal life. Importantly, for these end-times, the Bible contains an amazingly accurate timeline dating from the Creation to the Second Coming. It's been intentionally hidden, but specific windows of time highlight the latter days. Celebrate God's imminent return and learn about the specific generation that will "see all these things" before it passes away so that we, as children of light, should not let the day of the Lord's return overtake us as a thief in the night.

The Kings of Israel and Judah Captivating History,2019-01-29 If you want to discover the captivating history of the kings of Israel and Judah, then keep reading... The history of the ancient kingdoms of Israel and Judah and their kings is a story of epic heroes and villains. David was the God-chosen savior who fought giants, and the remarkable individual who inspired the world's greatest artists to create their immortal sculptures and paintings. Solomon is regarded as the author of many of the proverbs that we still use-and the ancient sources say he was married to seventy foreign princesses. The protagonists of this book also include famous rulers of the ancient world, such as Queen of Sheba and Nebuchadnezzar of Babylon. You will learn how David unified the nation, but you'll also find out about his dark secret and its terrible consequences. You will discover all about the golden age of Solomon, the building of his Temple, and the legendary Ark of the Covenant-and you'll also learn how ruthless he was toward his subjects near the end of his reign. In addition to that, you will get to know the roots of the conflict between the Israelite tribes, why the Jewish kingdom had split in two, and how the two disunited kingdoms fell to the mighty empires of Egypt and Babylon. This book covers a timespan of about half a millennium. The first couple of chapters, which cover Israel's shift from tribal government to a centralized monarchy, tell the stories of the people and events initially described in the two Books of Samuel (Sam. 1 and 2). The rest of the book follows the storyline of the two Books of Kings (Kings 1 and 2). In The Kings of Israel and Judah: A Captivating Guide to the Ancient Jewish Kingdom of David and Solomon, the Divided Monarchy, and the Assyrian and Babylonian Conquests of Samaria and Jerusalem, you will discover topics such as The Last Judges Give Us a King A Boy from Bethlehem Saul Has a Rival King David David's Downfall The Horrors King Solomon Divided Monarchy The Kings of the Divided Monarchy Until the Fall of Israel Ten Lost Tribes: The Destruction and Fall of Israel Judah's Resistance and Reforms The Fall of Jerusalem and the End of the Kingdom of Judah And much, much more! **The Ancient Israelite World** Kyle H. Keimer,George A. Pierce,2022-10-27 This volume presents a collection of studies by international experts on various aspects of ancient Israel's society, economy, religion, language, culture, and history, synthesizing archaeological remains and integrating them with discussions of ancient Near Eastern and biblical texts. Driven

by theoretically and methodologically informed discussions of the archaeology of the Iron Age Levant, the 47 chapters in *The Ancient Israelite World* provide foundational, accessible, and detailed studies in their respective topics. The volume considers the history of interpretation of ancient Israel, studies on various aspects of ancient Israel's society and history, and avenues for present and future approaches to the ancient Israelite world. Accompanied by over 150 maps and figures, it allows the reader to gain an understanding of key issues that archaeologists, historians and biblical scholars have faced and are currently facing as they attempt to better understand ancient Israelite society. *The Ancient Israelite World* is an essential reference work for students and scholars of ancient Israel and its history, culture, and society, whether they are historians, archaeologists or biblical scholars.

**Ancient History: a Revised Chronology** Anthony Lyle, 2012-05-29 This book is a culmination of that research. After trashing his work 10 times and starting over, he managed to get a revised chronology that seemed to be more accurate than that being put out by the status quo universities. It combines secular / world history with Biblical history in a far more even and smoother match than that proposed by former historians who have attempted the same. This is his version 12, which doesn't try to match different histories based on dates, but rather by matching people and events and then applying revised dates to those events and people. This work will call into question the conclusions of historians of the last 200 years, about the ancient periods of time, and provide an alternative dating for those times. It is a World History in that it incorporates the ancient history of India, China, Japan, as well as the traditional Middle Eastern and European societies of ancient times. It re-evaluates the beginnings of civilization and the solar system, refuting common historical and scientific beliefs of the modern world. Documents that have previously been written off as Mythology have been re-evaluated as well, as they give a different perspective of ancient times and what happened back then. The use and creation of calendars is an important feature added to this work which is seldom taken into account by modern histories. Incorporated in this work are many of the more recent archaeological findings that have yet to be incorporated in status quo works and institutions. He makes no apology for the fact that this is Biblically based, and the conclusions that have been reached by this work fit very well in Biblical contexts and adds some understanding to the events that took place in the Biblical narratives.
