

Ética De La Empresa Adela Cortina Resumen

Ervín Otoniel Herrera Vásquez

Ética Adela Cortina, Adela Cortina Orts, Emilio Martínez Navarro, 1996-01-01 De una delimitación del ámbito de la Ética como filosofía moral para adentrarse progresivamente en las tres tareas que corresponden al saber ético: aclarar el fenómeno de la moralidad, fundamentarlo y aplicar los principios morales a los distintos ámbitos de lo humano. Se adopta un enfoque ético abierto, que atiende a las más relevantes aportaciones de la historia de la ética desde Grecia a las distintas corrientes contemporáneas (utilitarismo, comunitarismo, liberalismo, postmodernismo). Pero a la vez se adopta una cierta perspectiva, enraizada en la tradición kantiana, en la tradición ética hispánica de Ortega, Zubiri y Aranguren, en la justicia como imparcialidad de J. Rawls y en la ética discursiva de K.O. Apel y J. Habermas. Se intenta así suscitar en el lector las grandes preguntas: ¿En qué consiste lo moral? ¿Por qué ha de haber concepciones morales racionalmente preferibles frente a otras? ¿En virtud de qué criterios y argumentos? y suponiendo que haya alguna concepción moral válida, ¿cómo aplicar sus principios a los distintos ámbitos de la vida personal y profesional?

GESTIÓN ÉTICA PARA UNA ORGANIZACIÓN COMPETITIVA Luis Eduardo Cleghorn Espino, 2005

La ética y la responsabilidad social de las empresas y las organizaciones Varios autores, José Luis Fernández Fernández, Nuria Villagra García, 2006-06-15

Ética aplicada desde la medicina hasta el humor Adela Cortina, Mauricio Correa Casanova, 2019 Resulta indesmentible que hoy la realidad social exige a la filosofía moral comprometerse con la vida cotidiana. La ética aplicada configura una forma nueva de saber, de reflexionar sobre los problemas morales y de proponer recomendaciones para la acción. Empresas, servicios públicos, colegios profesionales o entidades sin fines de lucro, entre muchos otros, han incorporado los nuevos modos éticos de saber y hacer, y universidades de todo el mundo abordan este tema a través de cátedras, programas y centros de investigación. Este libro reúne una serie de trabajos sobre distintos ámbitos de la ética aplicada, como la ecología, la biomedicina, la empresa o la economía, que el lector común seguramente ya reconoce. Otros, en cambio, se presentan aquí con toda su novedad para situarnos ante desafíos inéditos en campos como la neuroética, el deporte, la ciudad y el humor. El principal objetivo es ofrecer a jóvenes y adultos, alumnos o profesores, funcionarios públicos o del mundo privado, perspectivas éticas en los más diversos ámbitos de la sociedad que contribuyan a encarnar la moralidad en la vida diaria, que es sin duda el real sentido de la ética aplicada.

Informe anual 2014. La marca de España desde la Teoría de la Reputación Justo Villafañe, 2014-01-01 Como en ediciones anteriores, el informe cuenta con el apoyo del Departamento de Comunicación Audiovisual y Publicidad 1 de la Universidad Complutense de Madrid y de cinco patrocinadores: CaixaBank, El Corte Inglés, Iberdrola, Mapfre y Siemens. Entre los principales contenidos de la edición de 2014 destacan: - El Observatorio Global de Intangibles que da cuenta de las principales novedades en la gestión del desarrollo de los intangibles empresariales. - MercoLab estudia la presencia del Monitor Empresarial de Reputación Corporativa en Latinoamérica con particular interés en los resultados de México y Brasil, en la responsabilidad social y la gobernanza en los países MERCOSUR y en las relaciones y diferencias entre los monitores de RSC y reputación corporativa. - Perú es analizado este año de forma especial a través del trabajo de varios expertos peruanos que abordan el estado y la evolución de la gestión de los intangibles empresariales en ese país durante los últimos años, así como los desafíos más importantes de cara al futuro en ese ámbito. - La investigación de Justo Villafañe propone un marco metodológico, a partir de la teoría de la reputación, para abordar la construcción de la Marca España. La investigación se apoya en un estudio cualitativo y cuantitativo desarrollado a principios de 2014 y su objetivo es establecer un código de Marca País eficaz y un relato que sustente su estrategia de implantación. - El capítulo de Papers recoge trabajos de investigación académicos sobre temas como la ética empresarial; la innovación medioambiental y su relación con la reputación de las empresas; la medición de la huella social generada por la actividad productiva; el estudio de la gestión de la comunicación a través de distintas tradiciones académicas; la incorporación de la propiedad industrial al ámbito de los intangibles; y la comunicación corporativa en los clubes deportivos profesionales españoles.

Filosofía con IA Ervín Otoniel Herrera Vásquez, 2023-12-30 "FILOSOFÍA CON IA, 52 semanas con los pensamientos de algunas filósofas notables, Vol. 1", es el resultado de una inquietud de descubrimiento y aprendizaje, luego de leer los libros: INTELIGENCIA ARTIFICIAL, de Rouhiainen Lasse e INTELIGENCIA ARTIFICIAL EN EDUCACION - TERCERO EN DISCORDIA de Diego Craig.

El Cambiante mundo de las organizaciones : teoría, metodología e investigación Fabra Galofre, Amparo, Giménez Adelantado, Ana, 2013-12-05 Expertos en sociología y otras ciencias sociales, aplican en este libro, su conocimiento al estudio de las empresas y organizaciones, siempre cambiantes, pero ahora más que nunca. Un trabajo bien hecho, que intenta aportar a la sociedad rigor, posibles soluciones a diferentes problemas, y en cualquier caso, se trata de un intento de racionalidad en el ámbito sectorial.

Gerencia, ética e identidad Eduardo Pateiro Fernández, 2012-06-15 En este libro se recogen los aspectos más resaltantes que deben considerarse para la construcción de esquemas organizacionales que superen los viejos mitos de la gerencia convencional. Desde una perspectiva moral, se aborda la transición desde un estilo gerencial autoritario, estricto y poco receptivo, hacia un nuevo modelo que fomente la participación y la innovación en cada uno de los procesos que se dan en la

organización.

Ética de la empresa Adela Cortina,Adela Cortina Orts,1994 «Ética» y «empresa» parecen habitualmente términos contrapuestos, como si llevar adelante una empresa implicara arrumbar necesariamente toda suerte de valores morales, o como si, desde la perspectiva contraria, vivir moralmente nos exigiera evitar cualquier contacto con el mundo del negocio. Es correcto este prejuicio tan extendido? ¿No descansa en un modo inadecuado de entender tanto la ética como la empresa? Así parece, porque diversas experiencias muestran que las empresas que sobreviven y logran mejores resultados son precisamente aquellas que también han incorporado en su quehacer cotidiano un conjunto de valores morales; valores que componen un nuevo modo de entender la empresa, una nueva cultura empresarial. La razón de esta necesidad de valores no es difícil de sospechar: las empresas cobran sentido y legitimidad social al prestar sus servicios del modo que reclama la sociedad de nuestro tiempo, y si no se atienen a él, si no cumplen lo éticamente exigido, pierden toda credibilidad y legitimidad. «Ética de la empresa» intenta ofrecer los rasgos de una nueva cultura de la empresa, situada en el nivel ético propio de las sociedades democráticas, que es -creemos- un nivel dialógico. Desde él se ocupa en diseñar una ética económica, de la empresa y de la dirección, y también una asesoría ética; aportando, por otra parte, una nutrida bibliografía sobre este novedoso ámbito y una relación de los centros en que actualmente se trabaja sobre él. Esta obra, que pretende abundar en una cultura de la cooperación como debe serlo la empresarial, es sin duda ella misma resultado de un esfuerzo cooperativo: fruto de la experiencia interdisciplinar aportada por empresarios y profesionales del mundo de la universidad, ha sido elaborada conjuntamente por cuantos en ella colaboran: A. Cortina, J. Conill, A. Domingo Moratalla y V. D. García Marzá.
