The struggle to develop, to learn to love and appreciate ourselves, coupled with a wide range of experiences and trains of thought. Where are we and where do we want to go in life? These are questions that many people ask themselves and that I have also asked myself time and again. Even if there is never just one right answer, there is at least one path for each individual that they themselves feel is perfect.

Drive Your Own Darn Bus! Julia Kristina, 2022-03-08 A practical self-help book on mental strength and emotional toughness by a clinical counsellor, researcher, coach and online content creator with a big YouTube following and genuine star quality. This book is the ultimate guide to getting emotionally strong, guiding you in taking responsibility for your own wellbeing and not letting others control your thoughts and emotions. Written in the trademark down-to-earth, direct, humorous and warm style that has made counsellor Julia Kristina so popular online, this book arms its readers with the skills to take over the steering wheel in their own lives, no matter what challenges they face. Julia takes you through the thoughts, emotions and behaviours that hold us back, from perfectionism and fear of failure, to anxiety and guilt, to people pleasing, self-sabotage and taking things too personally. In each case she provides easy-to-use and super effective tools for emotional self-mastery that she has road tested in her coaching and counselling, and in her own life. For example, use the Thought Ladder to disrupt your negative thoughts and beliefs. Instead of telling yourself to stop thinking I am totally crap and just think I am great, Julia shows you how to incrementally challenge and undo the original negative thought and reframe it through a series of steps - like rungs of a ladder. Another example is the STOPP Process: a 5-step method that allows you to identify, separate from and process/take positive action on a difficult emotion that is occurring. Always rooted in real life, highly achievable and based in the author's understanding of human psychology, Julia's tools and techniques really will help you break through whatever it is you think is holding you back.

Business Sustainability Alka Jarvis,Paul C. Palmes,2018-07-16 Competitive advantage as it existed in the 1970s and 1980s is no longer valid. Leaders must be ready to adopt the thinking that there is no such thing as long-term competitive advantage anymore, due to the constantly changing landscape, and they will have to repeatedly redefine and redesign business strategies to survive. ISO 9004:2018 represents a major contribution in the application of sound business and quality management systems practices, but authors Jarvis and Palmes help you "go beyond" it with the current widely used state-of-the-art technologies and practices described in this book. They have spent years evaluating where mature and successful organizations, whether they are small or large, are heading, and are among the group of experts who developed ISO 9004:2018. Topics covered include disruptive technologies, culture for sustained success, organizational identity, leadership, process management, and more.

The Power of the 5 Ps Marva T. Dixon,2012-05 Let not your true purpose be defined by the organization, the system . . . or that you be defined by it! Understand the policies and laws that dictate what you should say or do within the boundaries of the system. Excel in the practices of your field, defining what and how you perform your art and how you shall be known! Seek out people of quality who provide guidance and truly care about your success. Yield to prayer , maintaining your faith in good and bad times even when things don't make sense, knowing your goal is to make a difference! Professional educators are now living in an era where there is increased concern about the quality of education in public schools in America. States are beginning to take a greater role in monitoring and maintaining higher academic standards. Communities across the country are scrutinizing the expense of public education. Local school districts are expressing concern about the district's ability to continue providing high-quality teaching and other related services with diminishing resources. Parents everywhere, regardless of ethnicity, socioeconomic status, or cultural family background want the assurance that their child will receive adequate and appropriate academic preparation that will lead to a productive livelihood for their child's future. The intended result of this book is to serve as a guide and inspiration to educators whether they serve in the capacity of a teacher, paraprofessional, or administrator as they continue their journey in the field of public education, especially during these most challenging times. America needs every person involved in the education of youth to remain steadfast. Each educator makes a difference in the lives of youth. America's youth need and are counting on you.

Have you tried to win the war with your anxious mind and body, only to end up feeling frustrated, powerless, and stuck? If so, you're not alone. But there is a way forward, a path into genuine happiness, and a way back into living the kind of life you so desperately want. This workbook will help you get started on this new journey today! The book offers an empowering approach to help you create the kind of life you so desperately want to live. Based on a revolutionary approach to psychological health and wellness called acceptance and commitment therapy (ACT), this fully revised and updated second edition offers compelling new exercises to help you create the conditions for your own genuine happiness and peace of mind. You'll learn how your mind can trap you, keeping you stuck and struggling in anxiety and fear. Now is the time. Nobody chooses anxiety. And there is no healthy way to "turn off" anxious thoughts and feelings like a light switch. But you can learn to break free from the shackles of anxiety and fear and take back your life. The purpose of this workbook is to help you do just that. Your life is calling on you to make that choice, and the skills in this workbook can help you make it happen. You can live better, more fully, and more richly with or without anxiety and fear. This book will show you the way. -- Recent studies support for the effectiveness of ACT-based self-help workbooks as a low-cost treatment for people experiencing anxiety. (Ritzert, T., Forsyth, J. P., Berghoff, C. R., Boswell, J., & Eifert, G. H. (2016). The Field Guide to Fundraising for Nonprofits Sarah B. Lange, 2017-12-01 With this book in hand, nonprofits can increase their fundraising potential-and their overall impact-by learning how to ramp up nearly every aspect of their fundraising programs in new and creative ways. Today's competitive and ever-shifting environment demands that nonprofits adopt a new approach to raising money. This book will show them how, in part by changing the way those charged with fundraising think about this all-important task. The book will help nongovernmental organizations plan better, write more powerful grants, craft more compelling appeals and other communications, engage board members and donors-and brag about all the great work they're doing in just the right way. It offers readers a fresh perspective on fundraising, as well as clear, practical strategies to build essential connections using varied tactics, including social media. Equally helpful is an eye-opening discussion about beliefs and attitudes that can stand in the way of fundraising success. Unlike books that focus on a single strategy such as grant writing, board development, or major gifts appeals, this volume is unique in that it details fundraising strategies that generate the highest return on investment. In doing so, the author provides a theoretical framework, creative ideas for taking best practices to the next level, and specific tools that can be applied to reach fundraising goals. By adopting the new framework, enhancing skills, and taking a fresh look at their task, nonprofits can raise the money they need to make a significant difference, regardless of their mission or cause.
