Write from the Heart Hal Zina Bennett, 2011-02-08 In his first edition of *Write from the Heart*, Hal Zina Bennett presented a spiritual approach to writing that showed both beginners and seasoned authors how to overcome blocks, unleash their creative voice, and see their books in print. In this edition, he gives readers an even more interactive experience by incorporating exercises he's developed during his many years conducting workshops. An all-new chapter on supportive critiquing shows readers how to make contacts in the all-important community of writers and how to get help with the process of writing and refining. This revised edition also includes an updated section on getting published that addresses print-on-demand, electronic books, and the Internet.

Web Programming and Internet Technologies Porter Scobey, Pawan Lingras, 2016-09-12 *Web Programming and Internet Technologies: An E-Commerce Approach* is written for the one-term web programming course for first or second year students. It features a hands-on learning approach where students are provided with information on a need to know basis. The text provides a running case study throughout, and students then take the topics taught in each chapter and apply them to the development of an e-commerce website. At the end of the text students will have a fully functional e-commerce site!

Web Programming and Internet Technologies Porter Scobey, Pawan Lingras, 2012-02-15 Today's Web programmers are required to understand and use the tools and skills for both client and server-side programming. *Web Programming and*

Internet Technologies: An E-Commerce Approach provides an accessible, comprehensive introduction to creating fully functioning websites with e-commerce capabilities. Ideal for the one-term course, or as a self-learning guide for professionals, the authors weave a continuing case study of a real-world commercial enterprise throughout the text that gradually grows in sophistication. Introductory chapters ask readers to create a simple website that uses the basic features of XHTML. Readers will continue to modify and expand their early work, creating a centralized mechanism for changing the look and feel of the site via cascading style sheets, and incorporating JavaScript, PHP, MySQL, and much more. A CD-ROM is included with every new printed copy of the text and includes complete and pre-tested XHTML and CSS markup for all web pages discussed, as well as all associated JavaScript and PHP scripts, and the data for setting up the MySQL database. With its hands-on, active-learning approach, students using this new full-color text will see, and experience first-hand, the many levels and capabilities of programming for the world wide web. Key Features: -Based on a real business model, this text provides a comprehensive introduction to all aspects of creating a complete website with e-commerce capabilities. -Uses a project-based approach that asks readers to develop a website whose functionality will parallel that of the real-world case study in the text. -Includes examples and screen shots of real websites throughout for readers to reference. -Presents and utilizes mainstream and relevant open-source and widely used technologies: XHTML, CSS, JavaScript, PHP, MySQL, XML, and more. -Every chapter concludes with a collection of activities to assure the reader has a full understanding of the chapter material. These activities include: quick questions to test the readers basic knowledge of the content; short exercises to improve basic understanding; 'exercises on the parallel project' that guide the reader through creating his/her own fully functional commercial website; a section titled 'What Else You May Want or Need to Know', containing additional information relevant to the chapter; and finally, a reference section with links to websites for further details and explanations of the topics covered in the chapter. -The accompanying CD-ROM contains complete and pre-tested XHTML and CSS markup for all web pages discussed in the text, as well as all associated JavaScript and PHP scripts, and the data for setting up the MySQL database (eBook version does not include the CD-ROM).

Write This Way from the Start Kelly Boswell, 2017-09-29 As teachers, the beginning of each school year presents us with fresh starts and opportunities. How will we build community and create a culture that values thinking, learning, and risk-taking? How can we create a safe environment where all learners feel welcome and valued? As writing teachers, it's of utmost importance that we launch our students into the world of writing in a way that engages them and helps to build their confidence. In this book, Kelly Boswell shares a variety of ways to kick-start the school year and invite students to engage in meaningful, purposeful and joyful writing experiences.

Write from the Heart Erica Hicks Jenkins, 2015-03-13 *Write from the Heart* is a collection of poetry that opens the mind

as well as the heart. It shows how to express your feelings in words deeply but generously, thereby, getting your point(S) across. Reading is a way of healing at times. These poems will deliver a sense of peace letting you know that you are not alone in certain real life drama. We all go through things, there are titles like A Piece of Hell on a Silver Platter, Cries Falling on Deaf Ears, Once in a Lifetime Love, A Stranger Prayed for Me, Step Out on Faith, Love Me in Your Heart, Without Yu, An Internet Affair and many others. Life is full of challenges that we all have to face head on. It does not mater if you are ready or not changes are coming. In the words of Steve Harvey, life is 10 percent of what happens to you and 90 percent of what you do about what happens to you. So it is not the action, it is rather the reaction. Sometimes bad situations end up producing wonderful results.

The Art of Fiction Ayn Rand,2000-01-01 In 1958, Ayn Rand, already the world-famous author of such bestselling books as Atlas Shrugged and The Fountainhead, gave a private series of extemporaneous lectures in her own living room on the art of fiction. Tore Boeckmann and Leonard Peikoff for the first time now bring readers the edited transcript of these exciting personal statements. The Art of Fiction offers invaluable lessons, in which Rand analyzes the four essential elements of fiction: theme, plot, characterization, and style. She demonstrates her ideas by dissecting her best-known works, as well as those of other famous authors, such as Thomas Wolfe, Sinclair Lewis, and Victor Hugo. An historic accomplishment, this compendium will be a unique and fascinating resource for both writers and readers of fiction.

Write from the Heart Heather Hummel,Heather Hummel Gallagher,2010-07-10 Journals are a woman's best friend... Samantha Souder quits her office manager job the day after yet another boyfriend breaks up with her, and the emotional havoc of these two events launches the beginning of her new life. Samantha dives into therapy with Ragnar Axel, a traditional therapist who explores her failed relationships and sends her on a wild goose chase through her old journals to rediscover herself. Despite the unsettling reactions of her therapist and her best friend, Samantha decides to walk away from the corporate world and sets out to craft her first novel, Winter's Truth. Hesitantly, she accepts the unexpected guidance from Craig, an unlikely man she meets at the coffee shop. Does Samantha's life transform from one of despair and loss to one of hope and faith as she navigates through new territory and explores the possibility of finding love over lattes?
