Age Is Just a Number Cherrill Clough, 2014-11-18 Emily Saunders, an eighty-five-year-old widow of means, lives in an affluent suburb of Brisbane and has everything she needs, but she is lonely. Her family does not have the time to check on her because of their busy lives. She phones her friend Audrey Thomas, also a widow, and asks her to accompany her on a cruise, and she is delighted. They had been through high school together and are still the best of friends. During the cruise, there is a talent quest; and as Audrey, also eighty-five, always wanted to be a singer, she entered and won the first and second contests, then was requested by the audience to do concerts, which were well-attended on the ship. On the cruise, they stopped at a small island that was very little, and the two ladies went to visit the school, which had very little tools, books, and things needed to run any school. Audrey and Emily decided to start a charity for the school. It was doing really well, and some big company names generously gave their products just for a mention in their advertisement. The women did well and soon outfitted the school from the donations received. After their second cruise, requested by the company for Audrey to do more concerts on board, they delivered all the goods, and the children did a concert on the ship for thanks and built up a good rapport with the passengers who all wanted to help this poor island school and joined the charity. They arrived back in Brisbane to the television news showing that a huge cyclone had washed away the homes of the children of the Vitu School and all the terrible devastation. Many families living in the school and hospital on the hill are the only buildings standing fully intact. The cruise ships couldn't go in for the debris everywhere, so there was no income from the islander's wares. It was full steam ahead with the charity. Audrey's two sons came and voluntarily managed the funds coming in through the charity. Audrey does a huge concert in Brisbane with other supporting acts in a stadium for seventy-five thousand people and kept the charity money building. There were fifty-six tradesmen of all persuasions who went voluntarily and did an amazing job, all being filmed to show the people where their hard-earned donations had been used for. From this, Audrey, who has dreamed of having her own concert all her life, made DVDs and CDs that sold out and won awards. They both got humanitarian awards and, after a full-on three years, decided to slow down and take it easy. This is a wonderful story of love, friendship, family, and human kindness and proves that age is just a number.

Age Is Just a Number Dara Torres, Elizabeth Weil, 2010-03-02 From legendary Olympic gold medalist Dara Torres comes a motivational, inspirational memoir about staying fit, aging gracefully, and pursuing your dreams. Dara Torres captured the hearts and minds of Americans of all ages when she launched her Olympic comeback as a new mother at the age of forty-one—years after she had retired from competitive swimming and eight years since her last Olympics. When she took three silver medals in Beijing—including a heartbreaking .01-second finish behind the gold medalist in the women's 50-meter freestyle—America loved her all the more for her astonishing achievement and her good-natured acceptance of the results. Now, in *Age Is Just a Number*, Dara reveals how the dream of an Olympic comeback first came to her—when she was months into her first, hard-won pregnancy. With humor and candor, Dara recounts how she returned to serious training—while nursing her infant daughter and contending with her beloved father's long battle with cancer. Dara talks frankly about diving back in for this comeback; about being an older athlete in a younger athletes' game; about competition, doubt, and belief; about working through pain and uncertainty; and finally—about seizing the moment and, most important, never giving up. A truly self-made legend, her story will resonate with women of all ages—and with anyone daring to entertain a seemingly impossible dream.

Old Age Is Just "A Play on Words" Ron Parker,2008-09-26 Old Age is Just A Play on Words is providing me a grand opportunity to perform a literary song and dance in honor of people whom I have admired and respected throughout the years. Many of these people have been older relatives, friends, and acquaintances who have been a great influence in my life and in the lives of others. I have endeavored to honor them against a thematic backdrop of agelessness which they all represent. They deserve to be celebrated because of their wisdom, knowledge, wit, and zeal for living wholesome and exuberant lives, in spite of the social, environmental, and health related obstacles that they encountered. The poem, Lonnie, is based on the actual words spoken by an older gentleman who proudly expressed to me his leisure-time activities. I immediately thought, These are age old occurrences because old age is just a play on words.' My fondness for good southern living was the inspiration for the section entitled Call Me Country All You Wanna. Furthermore, my appreciation of my southern upbringing is woven in the other three sections of the book, Age of Contradictions, Old Fashioned Genuine Love, and Let Every Tongue Confess.(Ron Parker) Ron Parker's spirited collection of poems shows us how universal a celebration of the human experience can be. This body of work gives real-life people an opportunity to re-experience their hopes, dreams, ups, and downs which are so familiar to mankind. Each poem will touch where the crux of passion and zeal for life dwells. This modern day Wordsworth pens a style that is direct, pointed, and committed to delineating the vivid mental images that will strike a chord of I Remember in the minds of every reader.(Dr.Azalie B. Hightower)

Reflecting Critically on the Political Psyche Andrew Samuels, 2025-03-31 With passion and originality, within this new book, Samuels presents powerful material on culture and politics (including a critical take on political violence) and a compassionate account of the role of an individual when it comes to progressive politics. Initial chapters include his commentary on Edward Albee's shocking play *The Goat* and a provocative and critical view on liberal idealisation of 'the Other'. Then, there is more of Samuels' celebrated work bringing therapy thinking to bear on politics, and as far as the practice and organisation of therapy is concerned, readers will find new work on how to organise a good training (you must use pluralism) and a robust account of what a critical psychotherapy might look like. A section on Jungian matters includes Samuels' work on Jung and 'Africans', whose importance has long been recognised, and a scintillating 'balance sheet' for Jungian analysis, setting its strengths and weaknesses alongside each other. In a clinical section, Samuels shows us what he means by the dynamic idea of the 'activist client'. With each chapter being preceded by a special 'retrospective introduction', as well as including experiential exercises to ground the ideas, this unique collection of papers will be of interest to psychotherapists, Jungian analysts, psychoanalysts, and counsellors, as well as academics working in those fields.

Aging and the Life Course Deborah Lowry, 2022-01-10 *Aging & the Life Course: Social & Cultural Contexts* provides an accessible, up-to-date introduction to the study of aging and the life course from a distinctly sociological perspective. It explores the sociocultural dimensions of aging while encouraging critical thinking about the diversity of aging experiences, societal attitudes toward older adults, the politics and economics of growing old, and end-of-life resources. Throughout the text, Deborah Lowry emphasizes the relevance of the material for working with older populations, understanding social policy and policy debates, improving communities, relating to others, and understanding ourselves. Organized into four major sections, Part I introduces students to fundamental demographic, sociological, and life course concepts; part II explores the experiences and conditions of aging, especially in particular groups; and part III presents current research on older adults' engagement in work, family, social networks, and sex. Finally, Part IV addresses themes of aging and social change.

A New Way to Age Suzanne Somers, 2020-01-07 #1 New York Times bestselling author and health guru Suzanne Somers established herself as a leading voice on antiaging. With *A New Way to Age*, she “is at the forefront again, bringing seminal information to people, written in a way that all can understand” (Ray Kurzweil, author of *How to Create a Mind*) with this revolutionary philosophy for a longer and better-quality life that will make you feel like you’ve just had the best checkup ever. There is a new way to age. I’m doing it and it’s the best decision I’ve ever made. I love this stage of my life: I have ‘juice,’ joy, wisdom, and perspective; I have energy, vitality, clearheadedness, and strong bones. Most of us are far too comfortable with the present paradigm of aging, which normalizes pills, nursing homes, and “the big three”: heart disease, cancer, and Alzheimer’s disease. But you don’t have to accept this fate. Now there’s a new way to grow older—with vibrancy, freedom, confidence, and a rockin’ libido. This health bible from Suzanne Somers will explain how to stop aging like your parents and embrace cutting-edge techniques such as: balancing nutritional and mineral deficiencies; detoxifying your gut for weight loss; pain management with non-THC cannabis instead of harmful opioids; and much more. Aging well is mainly about the choices you make on a daily basis. It can be a fantastic process if you approach it wisely. After a lifetime of research, Suzanne came to a simple conclusion: what you lose in the aging process must be replaced with natural alternatives. In order to thrive you have to rid your body of chemicals and toxins. Start aging the new way today by joining Suzanne and her trailblazing doctors as they all but unearth the fountain of youth.
