The Middle English Lyric and Short Poem Rosemary Greentree, 2001 This Bibliography assembles annotation of collections and criticism of lyrics of religious and secular love, carols and songs, and rhymes of everyday life.

Reading in the Wilderness Jessica Brantley, 2008-09-15 Just as twenty-first-century technologies like blogs and wikis have transformed the once private act of reading into a public enterprise, devotional reading experiences in the Middle Ages were dependent upon an oscillation between the solitary and the communal. In *Reading in the Wilderness*, Jessica Brantley uses tools from both literary criticism and art history to illuminate Additional MS 37049, an illustrated Carthusian miscellany housed in the British Library. This revealing artifact, Brantley argues, closes the gap between group spectatorship and private study in late medieval England. Drawing on the work of W. J. T. Mitchell, Michael Camille, and others working at the image-text crossroads, *Reading in the Wilderness* addresses the manuscript's texts and illustrations to examine connections between reading and performance within the solitary monk's cell and also outside. Brantley reimagines the medieval codex as a site where the meanings of images and words are performed, both publicly and privately, in the act of reading.

Middle English Marian Lyrics Karen Saupe, 1999-01-01 Through its contextualizing introduction, notes, and gloss, this classroom-friendly edition of Middle English lyric poetry makes the wide variety of Marian poems available to students of all levels. The poems selected for this volume provide a sampling of the rich tradition of Marian devotion as expressed in Middle English. They range widely in form, tone, and aesthetic quality in how they relate the iconic moments from Mary's life—the Annunciation, Nativity, and her experience of Christ's passion, for instance—as well as in their variety of praises for the Queen of Heaven. Taken together, the poems express the full range of a people's effort to voice anxieties and joys through Mary. This collection will spark an excellent discussion on English spirituality, Marian devotion, and Middle English lyrical poetry.

Medieval English Lyrics Reginald Thorne Davies, 1964 Contains over 180 poems, songs, and carols of medieval England in Middle English with extensive linguistic and critical notes.

One Hundred Latin Hymns Patrick Gerard Walsh, Christopher Husch, 2012-11-19 This volume collects one hundred of the most important and beloved Late Antique and Medieval Latin hymns from Western Europe. Ranging from Ambrose in the late fourth century to Bonaventure in the thirteenth, the authors meditate on the ineffable, from Passion to Paradise, and cover a

broad gamut of poetic forms and meters.

Love Lyrics from the Carmina Burana P. G. Walsh, 2018-02-01 Walsh's book should be a vade mecum for anyone who would teach the Carmina Burana on any level and be of considerable value in general to medievalists, comparatists, and those in related disciplines.--New England Classical Newsletter and Journal Teachers, students, and any reader interested in medieval lyric will find this volume a clear and useful approach to intrinsically interesting texts.--Renaissance Quarterly The most scholarly and most helpful presentation of a group of these captivating lyrics that has yet appeared in English.--Peter Dronke, University of Cambridge A superb volume, fully worthy of these famous but often misunderstood poems. P. G. Walsh's unmatched erudition in Latin literature furnishes lucid grammatical explanations, incisive analysis of goliardic literary values and technique, and illuminating references to ancient and medieval parallels. His prose translations make the poems accessible also to those with little or no Latin.--Janet M. Martin, Princeton University

Themes and Images in the Medieval English Religious Lyric Douglas Gray, 2019-07-05 Originally published in 1972, *Themes and Images in the Medieval English Religious Lyric* discusses themes and images in religious lyric poetry in Medieval English poetry. The book looks at the affect that tradition and convention had on the religious poetry of the medieval period. It examines the background of the lyrics, including the Latin tradition which was inherited by medieval vernacular and shows how religious lyric poetry presents, through a rich variety of images, the significant incidents in the scheme of Christ's redemption, such as the Annunciation, the Nativity, the Passion and the Resurrection. It also considers the lyrics which were designed to assist humanity in the task of living in a Christian life, as well as those which prepared them for death.

The Liturgy of the Medieval Church Thomas Heffernan, E Ann Matter, 2005-04-01 This volume seeks to address the needs of teachers and advanced students who are preparing classes on the Middle Ages or who find themselves confounded in their studies by reference to the various liturgies that were fundamental to the lives of medieval peoples. In a series of essays, scholars of the liturgy examine *The Shape of the Liturgical Year*, *Particular Liturgies*, *The Physical Setting of the Liturgy*, *The Liturgy and Books*, and *Liturgy and the Arts*. A concluding essay, which originated in notes left behind by the late C. Clifford Flanagan, seeks to open the field, to examine liturgy within the larger and more inclusive category of ritual. The essays are intended to be introductory but to provide the basic facts and the essential bibliography for further study. They approach particular problems assuming a knowledge of medieval Europe but little expertise in liturgical studies per se.

A Companion to the Middle English Lyric Thomas Gibson Duncan, 2005 Aims to provide both background information on and assessments of the lyric. This work includes features of formal and thematic importance: they are rhyme scheme, stanzaic form, the carol genre, love poetry in the manner of the troubadour poets, and devotional poems focusing on the love,

and suffering and compassion of Christ and the Virgin Mary.

The Classical Weekly, 1914

Lyric, Meaning, and Audience in the Oral Tradition of Northern Europe Thomas Andrew DuBois, 2006 DuBois draws on sets of lyric songs from England, Wales, Scotland, Ireland, Norway, Sweden, and Finland to explore the question of meaning in folklore, especially the role of traditional audiences in appraising and understanding nonnarrative songs.

Catherine of Lancaster and her Religious Court Poets Lesley Twomey, 2024-07-18 This book offers an integrated study of the English princess and Castilian queen Catherine of Lancaster (1373-1418), drawing on available archival, architectural, and poetic sources in England and Spain. Catherine's mother, Queen of Castile in exile, and father, the powerful military commander John of Gaunt, raised her to take the Castilian throne. This volume connects Catherine's early life, providing insights into those who promoted her cause from birth as Princess of Castile, and her later life as Princess of Asturias, then Queen-consort, and finally Dowager and Co-regent of Castile. Her influence on the Castilian court's poetic circles has not previously been connected to her English heritage. Poetry written about her and influenced by her was compiled into a songbook presented to her son, Juan II. The book brings new understanding of the role an Englishwoman played in Trastámara Castile's turbulent history.

The Translation of Religious Texts in the Middle Ages Domenico Pezzini, 2008 The transition from Latin to vernacular languages in the late Middle Ages and the dramatic rise of a new readership produced a huge bulk of translations, particularly of religious literature in its various genres. The solutions are so multifarious that they defy any attempt to outline general theories. This is particularly visible when the same text is translated or rewritten at different times and in different languages or genres. Through a minute analysis of texts this book aims at highlighting lexical, syntactic and stylistic choices dictated not only by the source but also by new readers and patrons, or by new destinations of the works. Established categories such as 'literalness' and 'fidelity' are thus questioned and integrated with these other factors which, while being more 'external', do nonetheless impinge on the very idea of 'translation', and consequently on its assessment. Far from being a mere transfer from one language to another, a medieval translation verges on a form of creative writing, and as such its study becomes a fascinating investigation into the very process of textual production.

The English Religious Lyric in the Middle Ages Rosemary Woolf, 1968

John Lydgate Derek Pearsall, 2019-07-08 Originally published in 1970, John Lydgate sets out to restore a sense of perspective to the work of Lydgate, not by attributing a spurious modernity as a precursor of the Renaissance, but by accepting the fact that he is fundamentally medieval. The book analyses Lydgate's background in literary tradition and compares this with Chaucer's work. The book looks at Lydgate as a professional craftsman and examines how his work adapted to the demands and occasions of his age. Without over-valuing the poetry, this approach makes it possible to

discriminate with increased objectivity between the more and less worthwhile and to distinguish the unexpectedly large number of poems in which craftsman-like competence rises to rhetorical artistry of a high order. In accepting Lydgate as the epitome of his age, the book also provides a diagram of the medieval poetic mind in its basic form and suggests the usefulness of Lydgate as a source book for the understanding of medieval literature.

Multilingual Metal Music Amanda DiGioia, 2020-12-18 This multi-disciplinary book explores the textual analysis of heavy metal lyrics written in languages other than English including Japanese, Yiddish, Latin, Russian, Hungarian, Austrian German, and Norwegian. Topics covered include national and minority identity, politics, wordplay, parody, local/global, intertextuality, and adaptation.

The Elizabethan Lyric John Erskine, 1903

Everyday Divine Mary DeTurris Poust, 2014-05-14 Many people today are looking for opportunities to bring the spiritual into their everyday lives in non-traditional ways. Their days are so busy they can't imagine how they can fit in time to kneel or sit in prayer on a regular basis. As a result, they fly from one activity to the next at breakneck speed, always looking forward to some nonexistent time in the future when things will slow down long enough to allow them to breathe, center themselves, and pray. *Everyday Divine: A Catholic Guide to Active Spirituality* helps busy readers explore different ways to achieve a place of stillness and peace while remaining very much in the world. In fact, the day-to-day activities of life become the pathway to prayer-even the prayer itself. Drawing on Catholic tradition, from the Desert Fathers and Mothers to ancient monastics to modern-day saints and sages, *Everyday Divine* looks at how we can adapt these ancient practices for modern times, quoting holy men and women on various methods and offering practical instructions and suggestions to help people put them into practice. Readers learn how to find spiritual peace while immersed in everyday activities, such as: - Housework and chores - Workouts and exercise - Cooking, eating, and fasting - Listening to music - Traveling and making pilgrimages - Living among the noise of daily life The book also includes personal stories from the author and others, and will weave in practices from specific spiritualities-such as Franciscan, Benedictine, and Trappist-to show how these practices fit into the bigger Catholic picture.
