Brendan G. Carr

Parvarish Jaydev Sinh Sonagara, 2015-11-13 This is a journey of a teacher, where he comes across problems, solutions, emotions, and aspirations in the classroom from parents and children. This book is an effort to help out all these newcomers in the teaching and parenting field. I have addressed the topics that are of prior concern of a teacher and parents in the day-to-day routine. I have shared not only experiences but the observations of different attitudes of society, government, machinery and entrepreneurs of the field. A huge number of people from my state, Gujarat, who have settled in the USA, UK, Australia, and many other countries, are in need and search of such books, which can guide them to help the new generation. The book talks about infants and children of different age group. It talks about the adolescence period and their emotions. The book is oriented mostly around Indian parents.
