Kathleen Armour

**What is the best way to test bandwidth speed? : r/PFSense** Jul 27, 2022 · The problem is the non official implementation of speedtest cli on FreeBSD. If you use the official speedtest cli from speedtest.net you get much better results. I also build a widget so you can trigger a test on the pfSense dashboard with a button, and if you just go to the dashboard see the result and test date/time of the last executed test. *SpeedTest.com and Fast.com showing wildly different results.* Feb 11, 2021 · Maybe speedtest was just overloaded at the time, or the unique pathway to it was congested, or they are capping free tests or whatever. And fast.com was not busy, or closer to you, or whatever. Like all tests, the bigger and more varied the sample size, the closer you'll get to your true results. **Speedtest? : r/selfhosted - Reddit** Jan 28, 2022 · Basically like how speedtest.net works, except I want to point it towards my own server so i can test my speed towards the server from elsewhere? It has to be a web application. Fast internet speeds, but loading websites very slowly. Need help ... Jan 10, 2022 · Websites take far longer than usual to load up (about 10 seconds just to load up facebook), however when I run a speedtest on speedtest.net, it says my ping is 10, Download 850mbps, and upload 50 mbps. My PC is very solid too, 3080ti gpu, 11700k cpu, 64gb ram, etc... **What is your favourite speedtest? : r/HomeNetworking - Reddit** Dec 21, 2021 · What is your favourite speedtest? Hello guys, I would like to know about what is your recommended/favourite app or site for testing internet speed. I was using fast.com more than speedtest.net because it's just easier and faster to use but I keep getting different results so what would you recommend and why? Archived post. *Curious about ookla download/upload latency : ...* Sep 27, 2022 · Basically what the title says, i'm wondering how bad/important or even how accurate ooklas speed test is for the download and upload latency; my idle latency is around 6-10ms but during the download test it shows the download latency anywhere between 300-500ms whilst the upload latency stays at a steady 9ms. i'm on wired and get about 400mb down and ... speed test : r/mikrotik - Reddit Nov 19, 2022 · Is there a way test the speed between, lhg 18 lte modem and my computer (this is to check if the internal network is capable of 1gbps ). Im new to routers. **What internet speed test do you trust? : r/HomeNetworking - Reddit** Dec 1, 2022 · I generally use iperf to do local testing to make sure things are working correctly on my end and then use the Speedtest.net CLI to test out to the internet. I usually manually set the test server to be one hosted by my ISP since it's testing the shortest path and there's not much you can do about how your ISPs interconnects to other networks tbh. Using the one closest is ... Speedtest shows full internet speed, but no downloads ever

Speedtest showed the full speed we were paying for, but I could never get anywhere near that speed when downloading from anywhere else. It was barely usable but we were locked into a contract. *Is there a way to have PowerShell perform a network speed test ...* Is there a way to have PowerShell perform a network speed test every hour and log the results in a CSV?
