*Is there a philosophy which argues that nothing exists?* Oct 29, 2012 · Is or was there a philosophy which examines a hypothesis that in fact nothing "exists" except maybe questions? I know there are philosophies that state that reality is a simulation etc. but I mean... **"nothing" and "no-thing" - is "nothing" a negative term that is too ...** Jan 12, 2016 · If read as written, can the "nothing" be interpreted as a reification of nihilism? Does "nothing", as a linguistic term, carry within it an implied essence - one of inherent absence - one that makes what seems like negation in the above statement, actually a positive statement? And would substituting "nothing" with "no-thing" avoid this at all? **derrida - What does "il n'y a pas de hors-texte" mean in ...** Aug 21, 2016 · The "nothing" is the text itself. It only "becomes real", in the manner of Descartes, who proposed that an idea never amounted to much until someone turned into a "machine", in short entered it into a positive relation to 'physis'. **What is nothing? - Philosophy Stack Exchange** Apr 29, 2015 · 5 Krauss' definition of nothing is the result of the allergy contemporary physicists get from philosophy; the philosopher David Albert posted a crushing criticism of the book in response and started a terrible fight: Where, for starters, are the laws of quantum mechanics themselves supposed to have come from? *What is the literal meaning of "The only thing that I know is that I ...* Aug 14, 2020 · If they knew nothing, then they obviously wouldn't have known that they know the fact that they do not know anything at all. I have never taken any philosophy classes so forgive my ineptness but I thought I'd ... **logic - If the universe came from "nothing", why is it assumed that ...** In your question, given that the universe came from nothing "is it not possible that we can live once again from nothing?" a similar argument can be applied. Taking the fact that the universe "came from nothing" as a given, we can ask what that means. The universe took a while to organize itself - in the mean time there was little "information ... nothingness - Does something necessarily come from nothing ... Oct 21, 2024 · Throughout the history of time, it has been almost everyone's intuition that something cannot come from nothing. That intuition is so strong that many can't even imagine this to be false. But would... How can something come from nothing? - Philosophy Stack ... Oct 29, 2023 · The question should be 'How can something come out of nothing' not 'Why cannot something come out of nothing'. Stephen Hawking has recently argued as to how the universe can come out of nothing, but to my mind his argument is rather circular and it's not provable. **Nothingness cannot be. Does that imply something must be?** Nothingness doesn't be,

that's the definition of nothingness (at least in this question) that what is not, does not exist. If there was no Universe, if there was nothing, nothingness would be, tha... **epistemology - On knowing nothing - Philosophy Stack Exchange** Dec 3, 2024 · The Dutch 19th century writer Multatuli (the first to vehemently criticize Dutch colonialism in Indonesia) once wrote this variation on the Liar: "Perhaps nothing is completely true, and even that isn't."
